Subject: Re: Data Room

Please cc me in the communications I do not want any information gaps. Enough having to correct them on other situations. Also cc Brandon and Lorne so that they can learn. Tell them to include the full team as well.

Subject: Data Room

Hi Dan,

The data room is up, can you revamp any legal due diligence requests based on what they have put in the data room. I've attached the latest list based on your and Jon's comments. If you can create a list of what we have and what we need that will be likely the most useful.

Thanks,

Zach Michaud
