Tony.

I think there are two paths here

1. With you, if we can raise \$100 mm in bridge funding from CSFB, I think we would proceed with a \$300 mm bid with you, using \$100 mm of equity from us, and \$100 from your group – we should have an answer from CSFB in the next day
2. We would participate with the Tenn group

I'm sure you are in the same boat as us – we need to move forward or move on.
The SPAC is interesting but it's not going to help us on closing – it's just another pool of capital for a later date with some major contingencies to it so I think that discussion is for another day

Doesn't look like that Tenn call is going to come so maybe we should just focus on path 1 ?
